**Description**

Good Touch Bad touch is the most vital workshop that we wanted to conduct for students. This workshop is the primary indicator for women empowerment in the the contemporary scenario. This workshop would efficiently teach our students how to understand the demarcation between good touch and bad touch.

**Learning Outcome**

After attending this workshop our students would become capable to defend themselves socially and physically from any sort of sexual harassment that we see in daily life, not only in society, but also within family environment.
